EXCAVATING ENGINEER

TRANSPORTATION LIBRARY

INDEX TO VOLUME XXIX

(January 1935 to December 1935)

Excavating Engineer Publishing Co., South Milwaukee, Wis.

HIGHWAY EXCAVATION AND CONSTRUCTION

	Month	Page
Building the Bridges over the Bonnet Carre Spillway		
Keliher Construction Company and **Gifford-Hill & Company, Inc.**, Dallas, build 6,000-foot bridge and fill project in Louisiana using 3-W Bucyrus-Monighan and 50-B and 45-B Bucyrus-Erie draglines	Jan.	20
Excavation for 1935 Highway Construction		
A complete forecast of work to be performed by the 48 state highway departments during 1935	Jan.	9
Excavation—Additional Highway Forecast		
More information on the highway construction programs of California, Colorado, Nevada, and Wyoming	Feb.	81
Excavation—Additional Highway Forecast		
Highway news from Iowa, Louisiana, Massachusetts, and Oklahoma	Mar.	132
Digging Through Indiana's Limestone Hills—by Jack Wills		
Calumet Paving Company, Gary, Indiana, excavates 187,000 yards of dirt and rock near Bedford, with a Bucyrus-Erie 34-B Diesel shovel	Oct.	465
Merritt Parkway Construction Embodies Unusual Features—by Spencer A. Jones		
Peter Mitchell's 3½-mile road job in Connecticut involves 220,000 yards of rock and 110,000 yards of earth excavation on which he uses three Bucyrus-Erie 37-B shovels	Feb.	73
Modern Equipment Gives Township Better Roads—by Lloyd S. Graham		
Town Highway Superintendent Christensen, New Berlin, N. Y., improves local road system economically with the aid of a Bucyrus-Erie 10-B shovel	Mar.	127
New Shovel Cuts Costs—and Puts More Men to Work—by Lloyd S. Graham		
Jefferson County (New York) Highway Department finds Bucyrus-Erie 10-B shovel reduces excavating and hauling costs	Oct.	469
1½ Billions Available for Highways	May	235
Old Spanish Trail Goes Modern		
W. W. Vann & Company, Kerrville, Texas, grade and surface 10-mile Kerr County (Texas) road project with the aid of 37-B, GA-3, and 1030 Bucyrus-Erie shovels	Sept.	417

RECLAMATION, IRRIGATION, AQUEDUCT, AND CANALS

Fast Digging on Sutherland's Big Ditch—by D. W. Evans		
Irrigation and power project near North Platte, Nebraska, involving 16,000,000 yards of excavation, progressing rapidly with three principal contractors, **Morrison-Knudsen Co., J. A. Terteling and Sons Co.**, and **Hardwick Construction Co.**, using 5-W and 6-W Bucyrus-Monighan draglines	Nov.	505
Detouring Loup River—by D. W. Evans		
Public power development near Columbus, Nebraska, involves **12,000,000 yards of excavation**, most of which is handled by 5-W, 6-W and 6160 Bucyrus-Monighan draglines	Dec.	559
Open Cut on the Aqueduct—by John R. Marcy		
Rapid progress is made by **Aqueduct Construction Company**, San Francisco, on their 8-mile section of the Colorado River Aqueduct using a Bucyrus-Erie 120-B dragline	June	273
Draglines Speed Progress on All-American Canal—by Joseph C. Coyle		
W. E. Callahan Construction Company and Gunther & Shirley, and Boyce & Igo, use seven Bucyrus-Monighan walking draglines on 30-mile canal contract in Southern California	Aug.	369
Draglines Transform Swamp to Playfield—by Spencer A. Jones		
Westchester County Park Commission (New York) improves swamp land with two Bucyrus-Erie D-2 draglines doing the grading	Apr.	173
Hard Digging on the Aqueduct—by John R. Marcy		
Three Companies, Inc., Denver, dig 6-mile section of Colorado River Aqueduct with a Bucyrus-Monighan 3-W dragline. A Bucyrus-Armstrong Model 33 well drill sinks blast holes through cemented gravel	Aug.	376
Modern Canal Planned for New Jersey—by Van Dyne Pell		
Volume of excavation of proposed canal, 31.5 miles long, nearly equals that of Panama Canal	July	329

DAM CONSTRUCTION

	Month	Page
Good Progress Made at Bonneville—by Henry W. Young		
Columbia Construction Company, Portland, use Bucyrus-Monighan 6160 dragline and Bucyrus-Erie 75-B and 43-B shovels on $9,000,000 dam contract on the Columbia River, near Portland, Oregon	May	223
Huge Dragline Barged Across Columbia—by C. M. Littlejohn		
Columbia Construction Company moves 440-ton Bucyrus-Monighan 6160 electric dragline across the swift Columbia on barges	Apr.	179
Wheeler Dam Nears Completion—by W. Burr Cullom		
Bucyrus-Erie 75-B electric shovel handles heavy rock excavation at **TVA's $23,000,000** dam across the Tennessee River near Florence, Alabama	Dec.	555

ROCK, CLAY, SAND AND GRAVEL EXCAVATION

Blast-Hole Drill Increases Quarry Output—by John B. Marcy		
Rohl-Connolly Company, Los Angeles, California, use a Bucyrus-Armstrong Model 29 blast-hole drill and two Bucyrus-Erie 50-B steam shovels in the Riverside Quarry, 60 miles east of Los Angeles	Nov.	509
Lowers Quarry Floor to Cut Costs—by D. W. Evans		
General Crushed Stone Company opens new level at its Glen Mills (Pennsylvania) quarry using Bucyrus-Erie 75-B and 100-B electric quarry-type shovels	June	277

OPEN PIT AND PLACER MINING

Modern Methods Aid Gold Miners—by C. T. Chenevert		
Medicine Bow Mining Corporation, Holmes, Wyoming, use Bucyrus-Erie 34-B and 10-B excavators at its Douglas Creek (Wyoming) gold mine	Sept.	425
Open Pit Operations at Flin Flon—by M. A. Roche		
Hudson Bay Mining and Smelting Company, Ltd., use eight Bucyrus-Armstrong Model 29 blast-hole drills at its gold mine in Manitoba, Canada	July	321

BREAKWATER AND JETTY CONSTRUCTION

Jetty Builders Save Town—by D. W. Evans		
J. A. Howland & Sons, Inc., use Bucyrus-Erie GA-2 crane and Rock Grab on sea wall project to protect Ocean City, Maryland	Feb.	77
New Breakwater Protects Port Allen Harbor—by Joel B. Cox		
Hawaiian Dredging Company, Ltd., construct 1200-foot sea-wall of volcanic rock in Hawaii using Bucyrus-Erie 50-B and GA-2 shovels	May	231
New Type Breakwater Lowers Construction Costs—by John R. Marcy		
Rohl-Connolly Company, Los Angeles, place stone in Los Angeles Breakwater with Bucyrus-Erie Class 24 crane	Mar.	122

TUNNEL EXCAVATION

Driving a Tunnel Under Difficulty—by K. Campbell		
Engineers of the **Metropolitan Water District** use sandbag bulkheads in driving San Jacinto Tunnel (Colorado River Aqueduct) against heavy waterflow	Dec.	564
Novel Machine Places Concrete—by John R. Marcy		
Metropolitan Water District Engineers place concrete tunnel lining on the Colorado River Aqueduct with a portable mixer and Pumpcrete outfit	May	230
World's Largest Tunnel for Bay Bridge—by C. W. Geiger		
T. E. Connolly, San Francisco, digs largest-bore highway tunnel through Yerba Buena Island for San Francisco-Oakland suspension bridge	Apr.	177

MISCELLANEOUS

Aerial Transport Aids Development of New Guinea Gold		
Two huge Junkers planes fly heavy mining equipment over New Guinea mountains and jungles for **Bulolo Gold Dredging, Ltd.**	Mar.	130
Largest St. Louis Basement Presents Unusual Digging Problems		
Fruin-Colnon Contracting Company uncover old brewery cellar and tunnels in excavating postoffice basement with six Bucyrus-Erie Type B steam shovels	Apr.	169
PWA Funds Aid City to Improve Residential District—by E. J. O'Connor		
City of Lowell (Mass.) installs extensive sewer project using hand labor to relieve local unemployment	June	281
Steam Shovel Digs Fish Ponds—by Spencer A. Jones		
Bucyrus-Erie Type B steam shovel does good work at **North Carolina Fish Hatchery**	July	328
Steam Shovel Discusses Re-employment—by Spencer A. Jones		
J. R. & M. C. Fusco, Inc., Montclair, New Jersey, use Bucyrus-Erie Type B steam shovel on 15,000-yard grading contract	Aug.	375
"We're Movin' Again"—by An Operator's Wife		
The joys of being married to a shovel operator who can stay only so long in any one spot	Apr.	174

FIELD NOTES

	Month	Page
Adjacent Building Collapsed—by A. L. H. Street	Dec.	566
Bar Coupler Features Safety Handle—by J. R. Marcy	Apr.	176
Can Opener Used to Cut Sheet Metal—by W. F. Schaphorst	June	283
Care of Chain Drives—by E. W. Fair	Aug.	403
Change-Pad Handy Device When Inspecting Ball Bearings—by F. W. Bentley	Apr.	180
Coal Given Identity by Special Color	July	334
Doubling the Life of a Conveyor Belt—by W. F. Schaphorst	Feb.	83
Easy Method of Computing Wire Rope Lengths on Reels—by W. F. Schaphorst	Apr.	180
Economies of Dust Collecting Systems	Oct.	474
Emergency Jack Block—by F. W. Bentley	Aug.	382
Encountering Unexpected Rock—by A. L. H. Street	Sept.	424
Excavating Contractor Loses Damage Suit—by A. L. H. Street	Feb.	83
Extent of Duty to Safeguard Excavations—by A. L. H. Street	July	355
Field Experience Shows Importance of Proper Lubrication	Mar.	137
Field Repairs Quickly Made	June	283
Give Wire Rope a Fair Start	Sept.	430
Handy Babbitt Repair Kink—by W. F. Schaphorst	Oct.	474
Handy Device for Attaching Warning Flags—by F. W. Bentley	June	283
Handy First-Aid Device—by F. W. Bentley	Sept.	448
Handy Shot-Firing Cable Reel	July	334
Highway Maintenance Costs Reduced	Aug.	382
How Much Will Any I-Beam Hold?—by W. F. Schaphorst	Sept.	430
How to Align Pulleys—by W. F. Schaphorst	Mar.	137
Keeping Couplers Clean—by Vernon Smith	Apr.	180
Keeping the Oil Can Clean—by F. W. Bentley	Feb.	83
Keeps Dust Down	Nov.	514
Liability for Damage Caused in Blasting—by A. L. H. Street	Nov.	514
Making Pipe Bends—by W. F. Schaphorst	Dec.	566
Oil Screen Made of Monel Metal—by W. F. Schaphorst	Aug.	403
Protect Your Flashlight—by F. W. Bentley	Nov.	514
Provide Proper Storage for Your Explosives	Apr.	180
Resin Improves Babbitt	Apr.	180
Sack Filling Kink—by W. F. Schaphorst	Nov.	514
Sheep-Foot Roller Made from Steam Shovel Wheels—by J. A. Elliott	Sept.	430
Straightening Cotter Keys—by F. W. Bentley	Dec.	566
Sunstrokes in Excavating—by A. L. H. Street	June	283
Water Main Break Costly—by A. L. H. Street	Oct.	474
What Diameter? What Pressure? How Many Pounds of Steam?—by W. F. Schaphorst	July	334

OLD TIMES AND OLD TIMERS

An Early Dredge—by Wm. McCauley	Sept.	427
An Incident on the C. & O.—by C. A. Sears	Nov.	515
Calling the Roll—by F. F. Nichols	July	331
Did You Help Run "Greasy Mary" in 1913?	July	331
Dynamite Demolishes Engine—by Steve Pode	Mar.	133
Early Shovels—by F. F. Nichols	Nov.	515
Memories of the Panama Canal—by H. H. Hunter	Sept.	427
On the Job at Latrobe—by Steve Pode	Sept.	427
Side-Lights on Shovel Runners—by F. F. Nichols	Aug.	381
The Origin of the Monkey Wrench—by W. F. Schaphorst	Mar.	133
When Tracks Were Four-Foot Gauge—by H. B. Whitney	Apr.	181
Written 50 Years Ago—by George Williams	July	331
